

Girls and Boys Football Tournaments at Edmonton County Astro Pitches

The girls and boys team have recently competed in the Enfield Football Tournaments, the games are 7 minutes long and it goes very quickly so the quicker you score a goal in these matches the better!

Boys Team

We had a great afternoon, we worked hard as a team and despite us losing a few matches we did draw and won one match with a goal scored by Chigozie - that flew over the opposing goalies head - it was superb! We learnt that the games were very quick and we needed to get the ball moving quicker through midfield. It was a great experience!

Girls Team

We also had a great afternoon - we found the first few games tricky to get into our flow but then we played really well! Kara scored a fabulous goal that flew past the goalie from outside the box! Our goalie (Janelle) also saved a fabulous penalty - which she should be very proud of! We came 5th in the group but we are pleased that we beat Raglan school which is much larger than our own school!

We have lots of competitions coming up in the Spring term and we hope to share more exciting news!
